3M™ Reusable Lens Cleaning Cloth 9021, single, 7.1 in x 6.3 in

3M™ Reusable Lens Cleaning Cloth is ideal for cleaning all types of lenses - eyeglasses, reading glasses, sunglasses, cameras, binoculars, and more. 3M's unique super-soft micro-texture effectively cleans without scratching delicate lenses.

Additional Information

Scotch-Brite™ High Performance Cleaning Cloth from 3M has made household cleaning easier. Soft micro-texture fibers lift and trap dust so it doesn't scatter. The cloth is machine washable and safe on virtually any surface in the home - wood, glass, chrome, and collectibles - without any need for chemical sprays or polishes. Available in a variety of attractive colors.
