

Universal Serial Bus (USB) Connectors

FEATURES

- Compatible with Windows 98, NT, 2000 +
- 1.2Mbps communication speed
- Industry standard plug and play technology
- Complies with USB std 1.0
- Supports up to 127 devices
- Up to 5 meters per cable segment
- Single 4 position and dual stacked 8 position available
- Additional shielded versions available with mating face clips and fully enclosed housing for dual port
- Hot pluggable
- Compatible with asynchronous and isochronous data transfer methods
- Board locks for exceptional retention for PCB mounting
- Consolidates current serial, parallel, keyboard, mouse and game ports as well as digital cameras, ISDN & PBX

SPECIFICATIONS

- Insulator material: UL94V-0 thermoplastic glass reinforced 30%
- Contact material: phosphor bronze
- Contact plating: gold over nickel on mating area, tin-lead on tails
- Shell: Brass with tin plating
- Contact resistance: 25 Milliohms maximum
- Dielectric withstanding voltage: 750V AC
- Insulation resistance: 1000 Megohms minimum
- Operating temperature: -55 to +85 degrees C
- Mating force 3.5 kgs max, unmating force 1.0 kg min

Grounding Feature —

Series

690	socket
691	cable plug

Total Contacts

004	single port
008	dual port

Contact Plating Code

2	gold flash
3	15u" gold
6	30u" gold

Contact Code

20	right angle thru hole 9.9mm footprint
21	right angle thru hole 10.28mm footprint
90	series A crimp connector
92	series B crimp connector
93	complete overmoulded cable series A to B

Edac Internal Use

0	indicates generic internal use code
---	-------------------------------------

Series Indicator

1	series A
2	series B
3	cable assembly

Grounding Feature

0	none (cable assembly & crimp)
3	boardlocks
