

## Specification Sheet

Part Number: MSNP1-70

Mechanical Vertical Snapper Hose Clamp Tool for Snappers 1-70, 1/Pkg

**Article Number** 191-01700

**Type** MSNP1-70

**Color** Yellow (YE)

### Features & Benefits

The ASNP and MSNP snapper tools are used for the material-protective and efficient fixing of the snapper. While the smaller MSNP tool is employed in case of snapper installation on site (ideal for fitters), the ASNP tools offer particular advantages in series production. By means of an attachment screw, the draw-in area can be limited, by which an overstretching of the snapper is prevented.

**Quantity Per** box

<b>Product Description</b>	The ASNP and MSNP snapper tools are used the material-protective and efficient fixing of the snapper. While the smaller MSNP tool is employed in case of snapper installation on site (ideal for fitters), the ASNP tools offer particular advantages in series production. By means of an attachment screw, the draw-in area can be limited, by which an overstretching of the snapper is prevented.
