

SC1206C

ESD Disposable Clean Room Shoe cover

Anti-Static disposable clean room shoe covers provide ESD protection for staff on the move in controlled environments.

The plain sole bottom shoe covers are made from two (2) pieces of heavyweight 1.25oz (40 gm) polypropylene and work well when worn inside laundered boot covers. The surged-seam inside shoe cover design features an elastic opening that fits most regular shoe styles.

Packed in inner polyethylene bags in 100s and packaged in a master outer bag of 300 total. Available in blue.

Meets the requirements in ANSI/ESD S2020, per the SP9.2 test method.
