

4-outlet Vertical Power Strip with 6-ft. Cord

MODEL NUMBER: PS240406

The PS240406 power strip provides horizontal or vertical power distribution for rackmount, raceway and workbench applications in a convenient 24-in. mountable housing.

Description

The PS240406 provides a 15-amp, 120v power strip with 4 standard NEMA 5-15R outlets in a rugged, all-metal, mountable housing. It allows for both vertical and horizontal mounting, making it ideal for a variety of uses including office, rackmount, workbench, industrial and telecom applications. With a NEMA 5-15P, 6-ft. power cord, you don't have to install the PS240406 next to outlets you already have; it can be mounted across the room and deliver reliable service where you need it most. A lighted and covered On/Off switch helps prevent accidental shut-offs, while a 15-amp circuit breaker guards against dangerous circuit overloads. Its sturdy all-metal extruded aluminum housing stands up to demanding network, laboratory or factory environments.

Features

Multi-Outlet Power Distribution

Vertical or Horizontal Moun

Premium Safety Features

Heavy-Duty Housing

Specifications

OVERVIEW	
UPC Code	037332186614

Highlights

- Ideal for applications needing multiple convenience outlets for powering a variety of electronic equipment
- 24-in. mountable housing with 4 standard NEMA 5-15R outlets and a 6-ft. power cord
- Lighted, covered On/Off switch and 15-amp circuit breaker
- Sturdy construction and heavyduty, all-metal housing

Package Includes

- PS240406
- Mounting hardware
- Instruction manual
