

USB 2.0 A/B Coiled Cable (M/M), 10 ft.

MODEL NUMBER: **U022-010-COIL**

Connects high-speed USB 2.0 peripherals with a USB-B port to your computer, laptop or other compatible USB-A device. Ideal for printers and scanners.

Description

The U022-010-COIL USB 2.0 Hi-Speed A/B Coiled Cable (M/M) connects your computer, laptop or other compatible USB-A device to a USB-B peripheral, such as printers and scanners. This 10-foot cable supports data transfer rates up to 480 Mbps for both low- and high-speed devices, including multimedia applications.

The specially coiled cable takes up much less space than a regular 10-foot cable. It also resists tangles and knots, making it convenient to store in your car or carry in your purse, backpack or laptop bag.

Molded nickel-plated connectors ensure excellent conductivity. Integral strain relief ensures the cable and connectors last a long time. A rugged PVC jacket protects twisted 28 AWG data lines and 24 AWG power lines.
